

# UNIVERSITY of HOUSTON

## Department of Mathematics Scientific Computing Seminar

Prof. Nurlan Temirbekov  
Department of Mathematical and Computer Modeling  
Al-Farabi Kazakh National University

**Heat and mass transfer of the flow  
of a viscous incompressible heat-conducting liquid  
through a porous medium in areas with complex geometry**

Thursday, December 12, 2024  
1 PM- 2 PM  
Room 646 PGH

This seminar is easily accessible to persons with disabilities. For more information or for assistance, please contact the Mathematics Department at 743-3500.
