**V. Textbook:**

S.H. Friedberg, A.J. Insel, L.E. Spence, *Linear Algebra*, 5th Edition, Pearson.

**VI. Course Requirements**

**A. Homework:** Bi-weekly homework is assigned on Canvas. Detailed homework policies and instructions are posted on Canvas.

**B. Exams:** Two in-class midterm exams and a final exam are given. Exam policies, instructions and schedules are posted on Canvas.

**VII. Evaluation and Grading:** The course grade is determined by the homework, midterm exams and the final exam with each having the following weights:

**20% Homework**

**20% Midterm Exam 1**

**20% Midterm Exam 2**

**40% Final Exam**

Specifically, at the end of the semester, the following (percentage-valued) **Weighted Class Total (WCT)** quantity is computed

$$\text{WCT} = 0.2 \cdot \text{HW} + 0.2 \cdot \text{ME1} + 0.2 \cdot \text{ME2} + 0.4 \cdot \text{FE},$$

where HW is the average of all homework grades excluding the lowest grade, ME1 and ME2 are the first and second midterm exam grades, respectively, and FE is the final exam grade. Any missing assignment or exam grades are set to zero. WCT is converted to a Letter Grade on a sliding scale that is determined at the very end of the semester after the Final Exam is graded. No assignment grades are curved.

**Policy on grades of I (Incomplete):** The grade of "I" (Incomplete) is a conditional and temporary grade given when a student, for reasons beyond his or her control, has not completed a relatively small portion of all requirements. Sufficiently serious, documented situations include illness, death in the family, etc.

### **NSM Code of Honor** (<https://uh.edu/nsm/students/undergraduate/code-of-honor/>)

The College of Natural Sciences and Mathematics (NSM) expects its students and faculty to work together to promote a culture and environment for honorable completion of academic work. As members of NSM, we must all demonstrate personal and academic integrity, honesty and mutual respect for one another. This requires that we all uphold the [University of Houston Academic Honesty Policy](#) and [Codes of Conduct](#), which apply in all academic settings, including the online environment.

As members of this science and math community, we aim to strengthen and improve the quality of life for our local communities and society as a whole, so it is important that we all demonstrate the highest ethical standards, which are critical to the integrity of the institution.

### **Academic Honesty**

It is each student's responsibility to read and understand the [Academic Honesty Policy](#). There will be no tolerance towards academic dishonesty, and cheating can lead to report of a violation of the Academic Honesty policy to the UH Office of Undergraduate Academic Affairs. High ethical standards are critical to the integrity

of any institution, and bear directly on the ultimate value of conferred degrees. All UH community members are expected to contribute to an atmosphere of the highest possible ethical standards. Maintaining such an atmosphere requires that any instances of academic dishonesty be recognized and addressed. The [UH Academic Honesty Policy Process](#) is designed to handle those instances with fairness to all parties involved: the students, the instructors, and the University itself. All students and faculty of the University of Houston are responsible for being familiar with this policy.

### **UH Honor Code**

Students may be asked to sign an honor code statement as part of their submission of any graded work including but not limited to projects, quizzes, and exams: *"I understand and agree to abide by the provisions in the [University of Houston Undergraduate Academic Honesty Policy](#). I understand that academic honesty is taken very seriously and, in the cases of violations, penalties may include suspension or expulsion from the University of Houston."*

**NOTE: The materials provided by the instructor in this course are for the use of the students enrolled in the course only. Copyrighted course materials may not be further disseminated without instructor permission. This includes sharing content to commercial course material suppliers such as Course Hero or Chegg. Students are also prohibited from sharing materials derived from the instructor's content (e.g., a student's lecture notes).**

### **Excused Absence Policy**

Regular class attendance, participation, and engagement in coursework are important contributors to student success. Absences may be excused as provided in the University of Houston [Undergraduate Excused Absence Policy](#) and [Graduate Excused Absence Policy](#) for reasons including: medical illness of student or close relative, death of a close family member, legal or government proceeding that a student is obligated to attend, recognized professional and educational activities where the student is presenting, and University-sponsored activity or athletic competition. Under these policies, students with excused absences will be provided with an opportunity to make up any quiz, exam or other work that contributes to the course grade or a satisfactory alternative. Please read the full policy for details regarding reasons for excused absences, the approval process, and extended absences. Additional policies address absences related to [military service](#), [religious holy days](#), [pregnancy and related conditions](#), and [disability](#).

### **Mental Health and Wellness Resources**

The University of Houston has a number of resources to support students' mental health and overall wellness, including [CoogsCARE](#) and the [UH Go App](#).
